

The screenshot shows the Eclipse IDE interface. The Package Explorer on the left shows the project structure: assignment > JRE System Library [JavaSE-21] > src. The editor displays the file BasicATMSystemAguio.java with the following code:

```
38         System.out.println("New Balance: " + balance);
39     } else {
40         System.out.println("invalid amount!");
41     }
42 }
```

The Console window shows the program's execution output:

```
